## About Guaranteed Irish

Guaranteed Irish is a not-for-profit business membership organisation representing homegrown and international businesses operating in Ireland. Guaranteed Irish is the national symbol of provenance and trust. The symbol is worn as a badge of honour by our members who provide jobs, support local communities and are proud of their Irish provenance.

## What we do

Through the use of the widely-recognised Guaranteed Irish symbol, in addition to PR and marketing campaigns, networking events and lobbying activities, Guaranteed Irish helps its members to expand at home and abroad, contributing to Ireland's international reputation for quality goods and services, and showcasing Ireland as best-in-class for business.

## Values of Guaranteed Irish

### Jobs

A Guaranteed Irish member offers genuine and equal opportunities to all employees including fair working conditions, professional development and long-term employment.

### Community

A Guaranteed Irish member has a positive impact on local communities and becomes part of the fabric of Irish life - developing relationships and nurturing progress.

### Provenance

Place of origin matters to consumers. A Guaranteed Irish member creates their products or services in Ireland or significant value (at least 50%) is added to them here.

## Why join the Guaranteed Irish Global Register?

As international expansion is a key focus for our members in 2018, we'd like to connect our members with Irish business leaders abroad. A little advice, a point in the right direction, or a simple introduction can help Irish businesses in their ambitions to scale up and export. We invite you to become a 'Guaranteed Irish Global Supporter' by lending a hand to our member companies which are looking to expand to new markets.
